

BTECH DEGREE – CODE #2649

Erin Vitale, Program Coordinator
Email address: vitaleem@alfredstate.edu

The Bachelor of Technology (BTech) in construction supervision is a completion degree that will add valuable construction business skills to a technical background. Students with carpentry, heavy equipment, electrical, mechanical, and architecture skills, to name a few, will be able to see how their skills are utilized to build the environment in which they live. The BTech in construction supervision will give graduates a working knowledge of construction estimating, scheduling, and contract law. These skills along with their technical competency will make graduates a prized asset to companies that are involved in the construction industry. The program includes a full-semester internship.

The program is set up as a completion degree, meaning students entering must have an associate degree or 60 credits in a related curriculum. A true 2+2 can be achieved with 21 credits of liberal arts and sciences, including five silos of SUNY General Education completed before entering the program.

ADVANTAGES

- Students take their distinct technical background and apply it in the construction industry through project-based learning.
- With a cohort of students from many different fields of prior study, students will gain an interdisciplinary appreciation of the construction industry.
- Students will gain a strong background in construction contractual requirements.
- Students will expand their understanding of construction job site cost control.

OCCUPATIONAL OPPORTUNITIES

- Assistant superintendent
- Equipment and material sales
- Project manager for specialty trade contractors
- Superintendent

EMPLOYMENT STATISTICS

Employment and continuing education rate of 100 percent – 93 percent are employed; 7 percent continued their education.

ENROLLMENT AND GRADUATION DATA

	Enrollment (based on fall census)	
2023	48	
2022	48	
2021	48	
	Degrees Awarded	
2022-2023	18	
2021-2022	12	
2020-2021	8	

ARTICULATION

Alfred State accepts students from other two-year institutions as juniors into the construction supervision BTech program with appropriate course work and grade point average.

GRADUATION REQUIREMENTS

- 2.0 cumulative GPA and 2.0 in major courses (CIVL)
- 30 credits liberal arts and sciences
- Seven of 10 General Education silos with math silo required

RELATED PROGRAMS

- Architectural Technology
- Building Trades: Building Construction
- Construction Management
- Electrical Engineering Technology
- Heavy Equipment Operations
- Mechanical Engineering Technology

ENTRANCE REQUIREMENTS/RECOMMENDATIONS

- **Required:** Successful completion of an associate degree in a construction-related field or at least 60 transferrable credit hours, and a minimum cumulative GPA of 2.0. Other majors can be considered with construction related work experience. Applicants who have gone through a certified apprentice program and have obtained a journeyman's card with a recognized trade union may also be considered.
- **Recommended:** A minimum of 21 credits in liberal arts and sciences, and five different general education fields covered (BC and MA included).
- Students without the required college credits can come into the individual studies (AS) program as a bridge program to the construction supervision (BTech) program.
- **Please Note:** Students entering from an AOS degree program are accepted in the program as ASEP students to facilitate completion of the five bridge courses (15 credits) in Liberal Arts and Sciences/General Education. The Civil Engineering Technology Department chair or curriculum coordinator will review all college credits earned and will recommend specific courses to complete this bridge.

REQUIRED COURSE PREREQUISITES

If students do not place into MATH 1033 College Algebra, MATH 1084 Calculus I, MATH 1323 Quantitative Reasoning, 1034 College Algebra of Functions, 1054 Precalculus, or 2124 Statistical Methods & Analysis, then MATH 1014 Algebra Concepts is a required prerequisite for completion of the major.

If students do not place into PHYS 1024 General Physics I or PHYS 1044 College Physics I, then PHYS 1014 Introductory Physics is a required prerequisite for completion of this major.

TECHNICAL STANDARDS

Students in the construction supervision program must meet the following requirements:

- Students must have the ability to use industry-standard software and computers.
- Students must have the ability to traverse varying types of construction sites.

REQUIRED EQUIPMENT

A tier 2 laptop computer will be required of all students. See laptop specifications at www.alfredstate.edu/required-laptops.

OFFICE OF ACCESSIBILITY SERVICES

Students who believe they need a reasonable accommodation to properly participate in this program may contact Melanie Ryan in the Office of Accessibility Services. This office may be contacted by email at oas@alfredstate.edu or by phone at 607-587-4506. Please keep in mind that some accommodations may take time to implement, so students seeking accommodations are encouraged to contact OAS as early as possible.
